

ADVANCED FINANCIAL MANAGEMENT SOLUTION

SIMMS Accounting Software is the smart solution for organisations looking to replace a Stand-Alone Accounting Program with a Comprehensive Business Management Solution with Integrated Accounting Functionality.

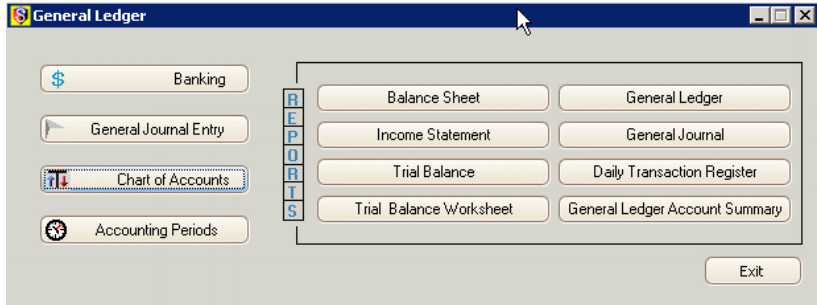

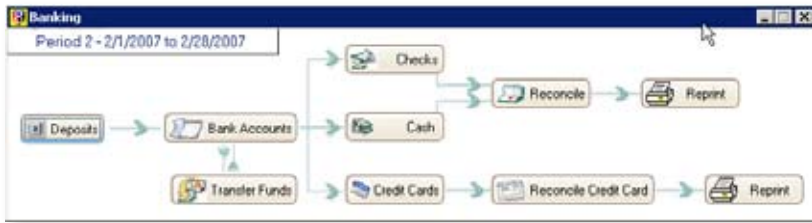

The SIMMS Accounting Module is designed exclusively for medium to large-sized mid-market businesses with 10 to over 1,000 employees. The solution boasts an advanced financial management solution, which forms the foundation for the entire suite of applications. Beyond the solution's core accounting functionality, SIMMS Software includes advanced budgeting, advanced allocations, multi-currency management, currency trader management, advanced banking, fixed asset management and cash management capabilities.

WHAT SIMMS CAN DO FOR YOUR BUSINESS

- Far greater financial control
- Comprehensive additional functionality
- Cost-effective solution
- Easy to use
- Indepth reporting

The Inventory Software you can rely on

ACCOUNTING MODULE FEATURES

- **Multi-Currency:** for multi-currency accounting functions.
- **General Ledger:** The SIMMS General Ledger module has many powerful features to help you efficiently manage your general ledger.
- **Accounts Receivable:** The SIMMS Accounts Receivable Module tracks receivables, plans cash flow and provides extensive information and reporting features to give you vital business insights to plan for the future.
- **Accounts Payable:** Our SIMMS Accounts Payable module provides a comprehensive solution for managing expenditures.
- **Sales Commissions:** Calculating sales commissions due has never been easier, SIMMS can auto calculate commissions based on either the AR receivable or transactional methods.
- **Banking:** With SIMMS you can edit and add credit card and bank accounts, enter deposits, transfer funds, enter cash, cheque or credit card transactions as well as reconciling cash and credit cards with ease.
- **Financial Reporting:** SIMMS General Ledger offers virtually unlimited financial reporting capabilities.
- **Flexible Chart of Account Structure:** Create an account structure to fit your business needs with up to 30 characters and 10 segments or choose from over a dozen industry-specific chart of accounts.
- **Budgets:** Maintain and enforce budgets with ease, transfer budget amounts from one account to another.
