

SHARE INFORMATION BETWEEN SIMMS AND QUICKBOOKS/MYOB®

Bring SIMMS and Quickbooks/MYOB into sync with each other with the SIMMS Inventory Software Quickbooks/MYOB link. You only need to enter data once and it will appear in both SIMMS and Quickbooks/MYOB.

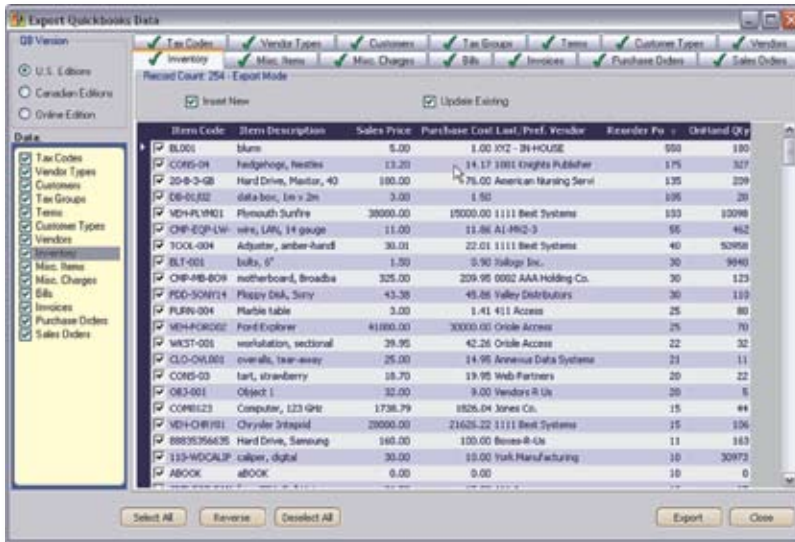

This feature not only saves you the time of manually entering data, but it also minimises the problems of duplicate, redundant and wrong data common to manual data entry. Now you can synchronise your data between SIMMS Inventory Software and Quickbooks/MYOB and ensure data accuracy, enhance your flexibility, and increase your control over your bottom line.

WHAT SIMMS CAN DO FOR YOUR BUSINESS

- Eliminate the need for manual data entry
- Reduce inaccuracies
- Improve productivity
- Improve flexibility and control over your bottom line
